

Anthony Criss admitted to Whispering Hills Care Center on February 04, 2023 under the care of Dr. Rupal Oza. During the course of the stay, Occupational Therapy, and Physical Therapy were initiated to efficiently and effectively identify Anthony Criss's unique needs and tailor specialized treatment plans to successfully transition to the next level of care.

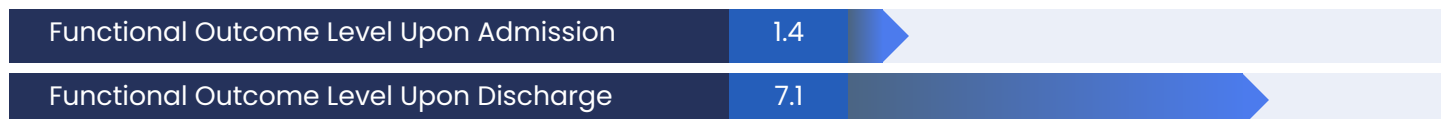

The therapy team provided skilled interventions to address the adaptation, compensation, and restoration potential of Anthony Criss and coordinated with the interdisciplinary team to ensure appropriate clinical care areas were addressed. On February 28, 2023, Anthony Criss successfully discharged to long term care.

The rehabilitation length of stay was 25 days.

Overall Composite Score Outcomes

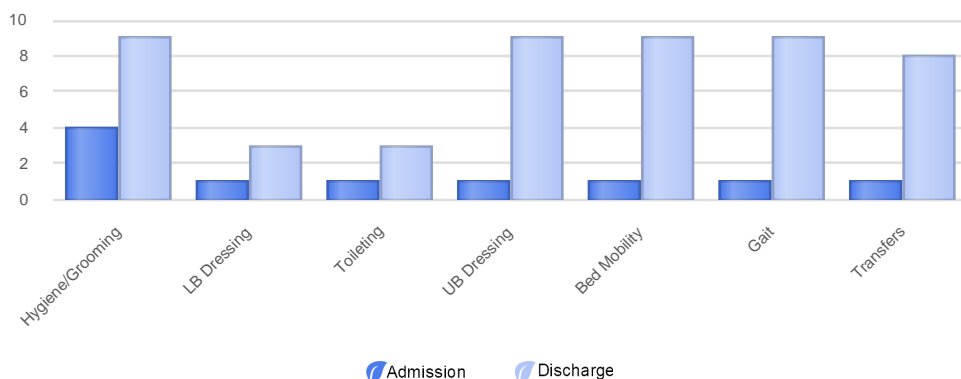

Rehabilitation outcomes are assessed on a 10-point rating scale. 10 is the most independent level of ability, and 1 is the most dependent level of ability. A score of 0 may represent an inability to perform the task. The Model 10 Composite Score represents Anthony Criss's overall outcomes.
